

BICEPP ERT CHALLENGE

Long Beach CERT is currently recruiting individual from its Cert Graduates to participate as part of a twenty person team to compete in the 2008 Bicepp Emergency Response Team Challenge.

The CERT teams tested their skills by competing in a number of skill stations that were timed and judged by a panel of experts.

The skill stations in the event include: Fire, Triage, Medical Treatment, lifting & cribbing, patient packaging movement, search, and Command Tent (radio communication and documentation.

Individuals interested in committing to participating on the Bicepp Challenge need to be willing to attend the Los Angeles CERTS Fall and Spring training drills plus several team meetings in preparation for the competition.

Please send an email to communicate@longbeachcert.org if you are interested.
